This event is open to all youngsters under 75 lbs. to experience towed water sports (skiing and kneeboarding) in a familiar environment. A pulley system is used with a runner to glide them across the water. Life jackets are available at the pool but bring your own if you have one. A short wetsuit could also be helpful. If your kids want to swim they require adult supervision in the pool. Parents must sign a waiver for each participant. Easter egg hunt will follow.
